Superdart A frame CIK A890 National/International kart developed and tested by Craig Booth in 100 National. Powered by Supertune Sirio Magnum motors, this combination is now proving to be the kart and engine to buy for 1988.

At the last count Craig Booth had won 7 out of his last 9 races. Probably more by the time you read this advert!

To promote this even further all team equipment is available for sale at the circuit.

All kart settings are available off the kart to Superdart users. All engine settings are available to Supertune engine users. We will be attending all the 1988 Super One rounds and British Championships

Special Offer!

Superdart A frame A890 — CIK homologated for 1988/1989/1990. Complete kart less wheels and tyres, assembled, fitted with adjustable castor/camber, 30mm rear axle, 30mm tubing, 3 bearing axle & includes seat. Usual price £425, but as an introductory offer the first 40 only will be available at the special price of £300 + VAT.

REDHILL SLIDE CARBS £55

These are now legal for 100 National from Jan. 1988. Large stocks of Redhill slide carbs (now owned by Dartford Karting) are available off the shelf. Agents UK and worldwide required.

BRITAIN'S LARGEST TKM STOCKIST
