

DOUBLE-VISION

NOTEWORTHY continued

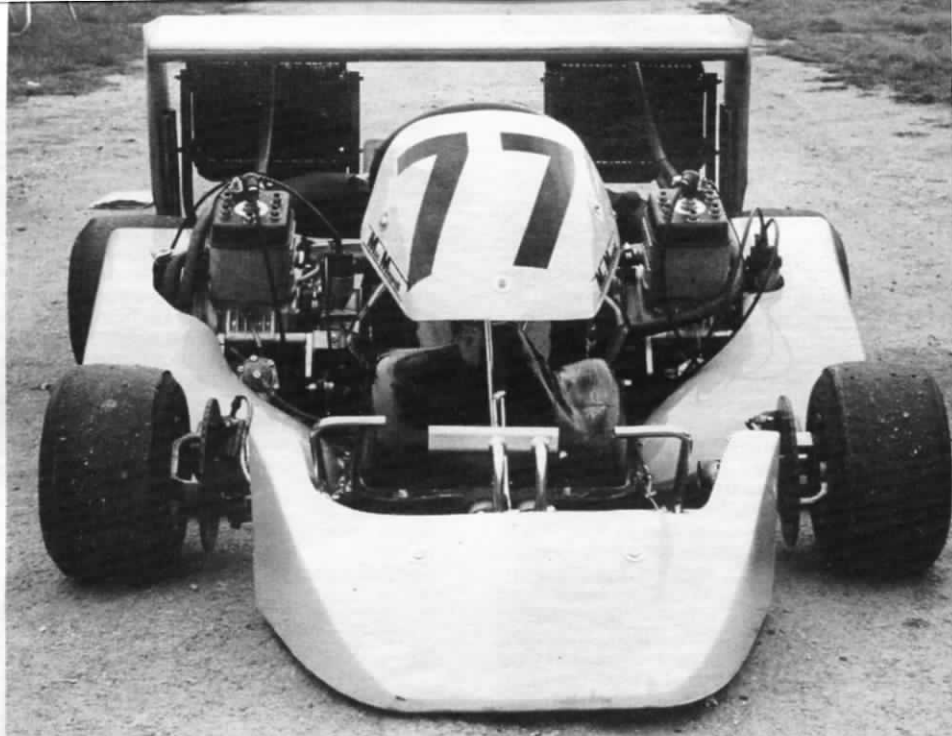

many Championships and prestige meetings would be promoted as possible, with 14 kart events held per year. Buildings will be constructed, facilities improved, and Mr Langford of the RAC MSA will actively support them in seeking International recognition.

The position of 'Pro', to service both bikes and karts was due to be put out to tender. He will be provided with shop premises and will be the sole trader.

We have been advised that the circuit is now available for weekday practice between 9am-7pm at £5 per 2 hour session. You must phone first to check that a particular slot is not booked for motorbikes. The kart-only evening practice on Thursday nights is not affected. Phone Ray Hyde on 0942-720453 for further details.

The Cardiff KC are running an extra event to their calendar, on August 30th and 31st, to christen their new 1.5 mile long circuit. Entry is open to all long circuit gearbox classes through Mrs Val Williams, Dogs Hill Farm, St. Nicolas, near Cardiff, tel: 0222 593397.

The Union Bank of Finland and Keke Rosberg are amongst the supporters of an event in Finland at the end of August with generous prize money for every finalist. Apart from a national class for 12 to 16 year olds using the 85cc Partner, Husqvarna and Rakett, there is a 100cc invitation event.

Stratos are developing a double engined 250cc Formula E machine which can use water or air-cooled, rotary or reed valve, MacMinarellis. These illustrations show this potent machine at shake-down trials at Lydden and Cadwell. It is hoped to have full bodywork fitted in time for the Silverstone G.P.
